Dear Hal:

Enclosed is a copy of my file concerning statements made in Raikins TAS Report (CE: 2655). As to Penkovsky, the only information I have was included in my letter of November 1, 1969.

I am still working on CE: 1974 and having a difficult time with the D J (as usual). Thanks for your views regarding Turner.

Sincerely,

A handwritten signature in cursive script, appearing to read "Emory", with a long horizontal stroke extending to the right.
